TERMS AND CONDITIONS (Cont.-)

14. Applicants and their parents/legal guardians make kindly note that the country specific VISA application, VISA interview preparation (Whether for USA, Canada or for Any Other Country) WILL NOT be an integral part of the Mentoring / Consultation Service. Likewise, any Mentoring / Consultation Service or guidance for the permanent residency (PR) of either USA/Canada or for that matter ANY OTHER Country Will Not be included in the Comprehensive Mentoring / Consultation or guidance services thereof. As a matter-of-the-fact, the VISA Success rate of TGID is 100% (given the opportunity of VISA Interview retakes in case of an unfortunate Denial). Any false Assumption that Prof. Rajesh Sharma, as the Mentor, will have the onus of enabling the Applicant's VISA (either for USA, Canada or for that matter Any Other Country) should not be entertained. Nevertheless, an optimism to this effect is definitely encouraged *albeit* outside of the comprehensive consultation services offered to the applicants.
15. Before Taking Admission- Each student, His/Her Parents & Legal Guardians are required to (a) Go through the TGID Leaflet / Brochure / Information Booklet, word of advice, selection letter & website thoroughly. Other than these no other verbal assurance of any kind is given by TGID. (b) It is advised that student undergoes a comprehensive Medical Examination to ensure that he/she is physically & mentally fit to take the rigors of preparing for The Standardized Tests – (SAT, ACT, TOEFL/IELTS, AP (Advanced Placement), GRE/GMAT or any other such examination as required or mandated by the world class Universities in as also those we were actually only 'desiring and not deserving' to be in the aspirational/ambition academic & program(s) in order to an intended or shortlisted program. (c) Meet few TGID students successful in materializing the set academic personal and career/professional goals to learn what made them successful, What was the contribution of TGID in their success? And FAQs and other such useful inputs.
We highly advise that the student also talk to Non - TGID students, both successful in meeting similar academic goals, to form a clear opinion regarding what a thoughtfully concerned Mentoring & Academic advising can do for you.
Please DO NOT take admission at TGID if you think TGID is not the best for the materialization of your academic personal and professional goals.
16. An intelligent student having aptitude & analytical skills for joining the Best of the STEM/NON-STEM Program(s) has to have self study for at least 3 hrs. for every hour taught and mentored at TGID. Needless to say if you have not been a highly analytical student you have to put in even greater efforts to materialized your academic personal and professional goals.
For success in the Standardized test(s), Profile Building endeavours and a serious quest of deserving an admission offer/admit/acceptance in a highly selective major (specialize area of study) in a highly ranked US University/Universities and/or other world class Campuses, it is also important to have excellent performance In XII Board Exams or equivalent Exams. Furthermore, the holistic process of selection at World Class Universities is a different process where you will feel lost if you do not focus on fundamentals and/or you do not develop / have high organizational analytical skills. Any amount of effort will be futile without high analytical skills.
17. Admission at TGID does not mean that you have high organizational and analytical skills . TGID mentoring will guide you in such a way that your fundamentals are strengthened and you can improve your organizational and analytical skills tremendously, whether it happens or not will depend upon you. The only way to develop strong fundamentals & improve your organizational analytical skills & therefore your chances to meet the requirements of World Class Universities with excellent School / Board performance is to assiduously pay attention to the (TGID Mentoring process Academic Advising, Tasks, To Do Lists and Customized for each student) yourself and be a self directed autonomous learner. You may have to make several attempts & even go back to your basics to refresh them to solve a particular problem. It is this intensity & quality of effort which will help you develop good organizational and analytical skills. Ultimately a student who is enrolled with institute will have to continuously work hard and must be regular in studies. In case, the mentor feels that the student is not working hard, is creating indiscipline in the Institute, is irregular in attendance or is not responding properly, he/ she may be expelled from the institute. The decision of TGID in this regard will/shall be final and binding on the students. No fee or part of the fee will be refunded in such case.

TERMS AND CONDITIONS (Cont.-)

18. In the end remember, while anyone can apply or file Applications to the World class Universities or pretend to prepare but only the ones who walk the right path will succeed. TGID has no magic potion to make you successful. TGID starts making arrangements of infrastructure, mentoring & other resources about 6 months before commencement of financial year. TGID admits students as per its capacity plans, (subject to unforeseen circumstances & usual organizational risks) therefore each student taking admission has to pay complete fee under all circumstances i.e. even if he/she discontinues for any reason whatsoever or parents / guardians be transferred. Not all students who seek our initial counselling / consultation will be offered admission therefore you & parents have to be very sure before taking admission as you have to pay complete fee under all circumstances. Once an 'intake' for a particular program is completed TGID does not admit any students. Therefore, any vacancy created by a student leaving cannot be filled up. Since TGID has to source infrastructure, mentoring procedures etc. in advance, loss of fees of students leaving after taking admission will compel the institute to enhance fees for next batch of students which is unfair to them. Therefore, students / parents must clearly understand this important aspect and take admission only if they are fully satisfied.
19. Accordingly important aspects of TGID Academic Advising, Test – Preparation and Mentoring are the regularity in the completion of the assigned tasks and adherence to the mentoring processes that the student undergoes. It is mandatory for a student to have preferably a dedicated computer device as per the specification and carry it to the class every time. In addition to the assigned tasks & Application centric procedures/process, this tracking also ensures that the student/Parent get insightful analysis of his / her performance & progress.
20. TGID has been producing the highest number of selections in the World Class Programs/Institutions for the last 15 years, (Since 2009) and from all programs for the last 15 years since 2009. TGID students have also been excelling in their well informed/chosen college careers and professional pathways in United States of America.
21. TGID endeavours to maintain a life-long and meaningful relationship with ALL students, Alumni and their respective families (and well-wishes) and encourages this close-community of students and parents to also establish meaningful relationship and mutual networking in the broader framework of giving back to the society.
